Shikino Builds the Headquarters Office and Transfers the Office Locations/ Factory Renews Its Name

UOZU (March 27, 2012) —Shikino High-Tech Co., Ltd. today announced that it established the new headquarters building in the area of the Kichijima Factory to move the headquarters functions from the old headquarters located in Eguchi, Uozu since 1985. Also, effective from March 26, 2012, it commenced the business at this new location. We have operated our business in two offices in Uozu, the headquarters and the Kichijima Factory and now all business managements in Toyama are operated in the same location.

We also changed the existing factory name, the Kichijima Factory, to the Uozu Factory. We all continue our endeavor to devote ourselves to our business and to provide products and service to satisfy customers. Your continued support and contribution are greatly appreciated for us.
